AT THE HEART OF THE OXFORD TO CAMBRIDGE ARC

PLP MK

THE ARC HOME TO SOME OF THE UK'S MOST INNOVATIVE TOWNS AND CITIES

THE ARC

The Oxford-Cambridge Arc (the Arc) is a globally significant area between Oxford, Milton Keynes and Cambridge. It supports over two million jobs, adds over £110 billion to the economy every year and houses one of the fastest growing economies in the UK.

For this reason, the Arc will see significant new housing development over the long term, to accommodate the influx of people and jobs.

The Government plans to establish an Arc Growth Body to help unleash the area's potential as a global innovation powerhouse through international promotion.

LABOUR PROFILE

Milton Keynes is home to one of the UK's outstanding Digital Tech clusters, serving diverse industry sectors including FinTech, HealthTech, EdTech and High-Performance Engineering.

SURROUNDING WORKFORCE

Milton Keynes has the highest number of employees in professional, scientific and technical activities, with 19,000 people employed in this sector live within a 45 minute drive time, compared to neighbouring Bedford and Northampton.

LABOUR PROFILE

Business/Financial professional service cluster includes more than 400 head office and financial services companies, with a specialist workforce of more than 22,000 people.

ENTERPRISES

World-class ICT university knowledge and education.

TECH HUB

An ICT workforce rivalling the UK's major cities in scale, home to 3,750 ICT companies.

JOB SEEKERS

60% of MK local labour force is educated to degree level.

LABOUR SUPPLY

Located within 55 miles of London, Cambridge, Oxford and Coventry/Warwick, the city has access to top university graduates.

LOCAL OCCUPIERS

A unique technology ecosystem delivers the specific capabilities demanded by companies serving performance-driven sectors including motorsport, automotive, aerospace, defence and healthcare.

CALDECOTTE LAKE

ONE OF BRITAIN'S MOST SUCCESSFUL BUSINESS LOCATIONS

RECENT BEGINNINGS

Since its designation in 1967, Milton Keynes has become the UK's largest and fastest growing New Town. Originally built to accommodate London's housing overspill, it's since become one of Britain's most successful commercial hubs.

BUSINESS SUCCESS

Milton Keynes has attracted over 800 inward investors and has the highest density of North American, German, Japanese and Taiwanese companies in the UK outside of London, making it a leading destination for business, professional and financial services.

118,273
Total Homes 2021

CONTINUED EXPANSION

Milton Keynes continues its expansion with over 250 acres of development in the pipeline, to deliver over 46,000 new homes by 2050 and 247 acres of employment land.

164,273
Total Homes 2050

OVER £1 BILLION OF PRIVATE INVESTMENT

Over £1 billion of private investment committed in the last 10 years has seen the development of the town's infrastructure and a transformation of its cityscape.

TOWN OF THE FUTURE

The Milton Keynes Strategy for 2050 sets the city's ambitions for its next generation with plans to make it a globally leading green and cultural city that will provide jobs, easy travel and high-quality homes for everyone. It will also offer market-leading learning opportunities and build safe communities to support health and wellbeing.

CULTURE

Milton Keynes is a modern destination boasting a high quality built environment and a wealth of green space. With so many benefits to offer businesses and employees, it's no surprise that its population is continuing to grow as more and more people choose to live here.

Home to a vast array of cultural attractions, Milton Keynes has a thriving arts scene, renowned heritage, and flourishing sporting communities.

The newly expanded contemporary MK Gallery hosts touring exhibitions, workshops and kids' craft events.

The world famous Bletchley Park has become a vibrant heritage attraction, with fascinating wartime history and beautiful gardens.

Set to become a 75,000 capacity outdoor arena, The National Bowl Milton Keynes will host some of the world's most famous artists and events.

The area hosts one of the largest annual charity Dragon Boat Festivals, and has done for the last 18 years, as well as a selection of other events including MK City Fest, Art in the Park, Shakespeare in the Park and Proms in the Park.

AMENITIES

Milton Keynes offers a wide variety of high-quality retail, entertainment and leisure destinations. Restaurants, cafes and bars are never in short supply - with independent and recognisable brands including: Prezzo, Byron, Pret A Manger, Wagamama, Be At One, The Old Beams, Brasserie Blanc and Paris House.

Outdoor space is in abundance too, with 6,000 acres of parkland and woodland, over 150 public art sculptures, 21km of canal towpaths and over 270km of secure Redway cycle routes - there's space for everyone to explore.

Supporting the community with financial investment in social and emergency services

PLP MK WILL BE BUILT TO THE PLP ENVIRONMENTAL STANDARD. INCORPORATING A RANGE OF ECO-CONSCIOUS FEATURES THAT WILL BOTH BENEFIT OUR PLANET AND ENHANCE THE LIVES OF THOSE VISITING AND WORKING AT THE SITE.

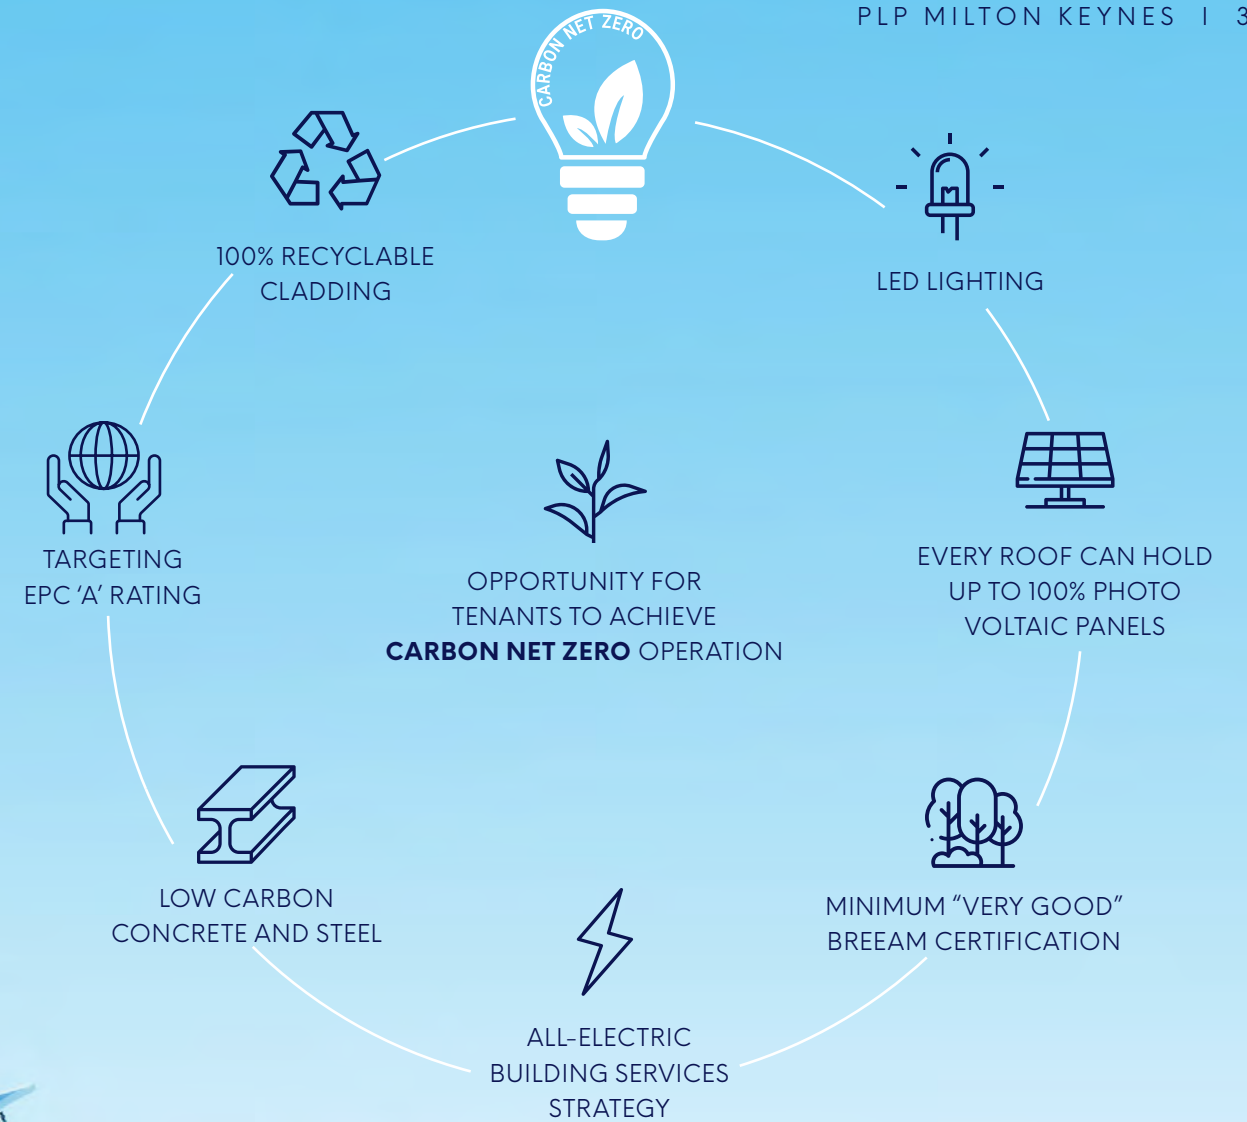

DELIVERING CARBON NET ZERO DEVELOPMENTS

Working with Turley Sustainability and Natural Capital Partners, leading experts in net zero and climate finance, PLP is delighted to announce their commitment to deliver all new speculative developments as carbon net zero in accordance with the UK Green Building Council Net Zero Buildings Framework.

New buildings will be net zero ready through reducing and then offsetting remaining construction carbon via high-quality international projects, 50% Cookstove project Ghana and 50% global renewable energy.

The carbon net zero concept combines carbon net zero construction with carbon net zero design including targeting an EPC A rating and an all-electric building services strategy. PLP also double any solar PV requirement of the local planning authority. This enables tenants to achieve carbon net zero operation by utilising built in renewable energy features and procuring appropriate renewable energy supplies.

To reduce construction carbon, PLP utilise smart materials such as 100% recyclable cladding systems plus low carbon concrete and steel. Remaining carbon emissions are addressed via the purchase of high quality carbon offsets to achieve carbon net zero construction at practical completion in accordance with the UKGBC Framework.

THE PLP COMMITMENT
